

HARD SURFACE ROADS ONLY BUS ROUTES

Due to deteriorating road conditions, buses may need to run on hard surface roads only. Please take time to look over this emergency route. Some families have been listed to give you an approximate time of arrival. **Some families have been changed to a different route and driver to shorten the emergency route.** When the routes below are implemented, we will assume you are riding unless you contact us.

After school the buses will leave the High School at approximately 3:25 p.m. Parents need to be at their intersection to pick up their child(ren). If you are NOT at your intersection, your children will be brought back to school.

If you have questions, please call the Bus Barn - 476-5102.

Buses stop where indicated below. If your name is not listed, you are responsible to get your child(ren) to one of the designated stops. (All times are approximate.)
